*Enhancing Learning Outcomes: The primary objective of educational technology is to improve the quality of education by enhancing student learning outcomes. Through interactive and engaging instructional materials, simulations, virtual environments, and other technology-based tools, learning becomes more effective, efficient, and enjoyable.*

*National Mission on Education through ICT (NMEICT): In India, the National Mission on Education through Information and Communication Technology (NMEICT) aims to leverage the potential of ICT in teaching and learning processes. Its goal is to address the education and learning needs of students, teachers, and lifelong learners. By emphasizing ICT, it acts as a multiplier for capacity building efforts in educational institutions without compromising quality. Facilitating Learning with Technology: Educational technology, also known as EdTech, facilitates an in-depth understanding of technology fundamentals. It enables efficient teaching and learning through technology mediums, ensuring that learners grasp concepts effectively.*
