Literature Review:

- *A literature review is a critical examination of existing scholarly sources related to a specific topic. It serves several purposes:*
- *Demonstrating Familiarity: It showcases your understanding of the topic and its scholarly context.*
- *Theoretical Framework: It helps you develop a theoretical framework and methodology for your research.*
- *Positioning Your Work: You can position your work in relation to other researchers and theorists.*
- *Addressing Gaps: It highlights how your research addresses gaps or contributes to ongoing debates.*
- *Evaluating Current Research: You critically evaluate the current state of research and demonstrate your knowledge of scholarly discussions.*
