About Sushant University

Sushant University was established in 2012 under the Haryana Private Universities Act 2006. Located in the heart of Gurugram, India's largest hub of National and Fortune 500 companies. We have eight schools offering programmes in Architecture, Design, Law, Management, Hospitality, Engineering, Health Sciences and Planning & Development. Sushant University has been awarded the National Education Excellence award "Best Private University in Northern India 2017" along with "CSR Excellence in Education" award for two consecutive years i.e.

2017 and 2018. Sushant School of Art and Architecture at Sushant University is the flagship school which started in 1989 and has been consistently ranked No. 1 Private Architecture School in India by Outlook Magazine. We are a university with the core ideology of being futuristic with the mission "AHEAD FOR LIFE". The curriculum design is guided by inter and trans-disciplinary approach incorporating pedagogies that expand learning opportunities, ensuring higher order learning outcomes. The various schools under the University have carved a niche by offering contemporary programmes with renowned faculty acclaimed nationally and internationally, state-of-the-art Infrastructure and facilities to promote academic excellence. The University has collaborated with some of the finest Universities and Institutions in the UK like the University of Warwick, Art University of Bournemouth, University of the West of England and Vatel International, France in the areas of Curriculum Development, Student and Faculty Exchanges, Joint PhD supervisions, joint research Conferences, seminars and study semesters abroad.

Vision of the Institute

Achieving excellence in higher education through research, Innovation, participatory governance and global presence.

Mission of the Institute

- Transform lives and communities through education and research
- Achieve excellence through participatory governance and focus on quality research and innovation
- Attract talent through international partnerships and collaborations to achieve highest standards
- Facilitate learning through student centric and empathetic approach
- Develop thought leadership with industry integration

About School of Engineering & Technology

The School of Engineering & Technology (SET) of Sushant University, one of the Best Private university in India, maintains the distinguished tradition of excellence in engineering education. The FICCI, EY and NASSCOM report on "Future of Jobs in India" says that by 2022 nine percent of India's estimated 600 million workforces will be deployed in new job roles that do not exist today. Keeping it in mind, the engineering programs at Sushant University not only ensures skilling the students with the latest trends and technologies but make them adaptable to readily learn new technologies as and when required.

The School of Engineering & Technology, in addition to the already existing international collaborations, have collaborated with industry leaders which helps the university students to develop expertise in their chosen areas.

Mission of the School

- Educate students to think critically and creatively, identify and solve important technological problems, practice engineering with technical skills, have a high regard for ethical principles, and understand economic and environmental responsibilities.
- Perform high-quality research that advances technology while preparing future researchers for industrial, academic and government positions.
- Contribute to Trans-disciplinary educational and research efforts to meet complex technological and societal needs.

About the Conference

International Conference on Advances in Multidisciplinary Research and Innovation (ICAMRI 2023) provides the opportunity to connect author's ideas to be shared in the name for the betterment of society and humanity.
